Dear Sirs,

Re: [Enter Reference]

I am writing to record my dispute with
[Enter Company Name] Electricity resolved.

Please refer to the enclosed copy of my dispute with
amount of the bill seems to be incorrect. The meter has been tested and
that my electricity use has increased significantly. The meter has been tested and
with all appliances turned off. The meter has been tested and
the meter is not accurate.

Please look into my claim for a refund of the amount paid
by OFGEM. If necessary, I would like to see the results of
your investigations, my settlement agreement, and any other documents
taken regarding the non-payment of the bill.

Please keep me informed of any progress.

Yours faithfully,
